 Course Information

Catalog Description

Study of parametric and nonparametric statistics commonly used in the behavioral and life sciences. Included are analyses of relationship and variance, as well as effect sizes associated with each. Cross-listed as PSYC 224/SOCI 224. Students majoring in Biology, Psychology, or Sociology must earn a grade of C or higher.

Prerequisite: Grade of C or higher in MATH 150 or higher-level math course(excludes MATH 200).

Additional Notes

Thanksgiving Holiday

Class will not meet on Thursday, November 28, due to Thanksgiving. The make-up day will be Friday, December 6,

Classroom Policies

Mobile Phones/Devices - Please silence telephones and put away any devices that may be a distraction in class. Repeated offences will not be tolerated.

Attendance - Every class period is important and attendance is required for the full length of every class period. There will be an exam in week 4 and in the final week of class, if you do not have a legitimate excuse and contact me in advance, those exams may not be made up. If you know you will miss class for any reason please contact me before the missed class period. You are expected to get notes and any relevant make-up information from a classmate.

Breaks - We will have one 10-15 minute break near the midpoint of each class period. Shorter breaks may happen as needed.

Late Grades - Late items are not accepted without a significantly serious excuse.

E-Mail Communications

I do my best to be available via email during normal business hours and often in the evenings. Prior to exams I will make an extra effort to be available from 5-9 PM for immediate response to questions. On other days I will try to respond in a timely manner, and if you do not hear back within 24 hours please feel free to follow up.

Textbooks

As part of TruitionSM, students will receive their course materials automatically as described below.

 Jackson. (2016). *Statistics: Plain and Simple* (4th). Cengage. eText

Bookstore Information

Visit <https://www.ccis.edu/bookstore.aspx> for details.

eText Information

If a course uses an eText, (see textbook information above) the book will be available directly in Desire2Learn (D2L) seven days before the session begins, if registered for courses prior to that date. Upon first login to VitalSource, students should use their CougarMail email address; alternate email addresses cannot be used. More information about how to use the VitalSource platform, including offline access to eTexts, can be found in D2L.

Physical Course Materials Information

Students enrolled in courses that require physical materials will receive these materials automatically at the shipping address on file with Columbia College. Delivery date of physical materials is dependent on registration date and shipping location. Please refer to confirmation emails sent from Columbia College for more details on shipping status.

Returns: Students who drop a class are responsible for returning any physical course materials that were shipped. To initiate a return, visit [Ingram Returns](#) to generate a pre-paid return label. Materials from dropped courses must be returned within 30-days of receipt. **Failure to return physical items from a dropped course will result in a charge to the student account for all unreturned items.**

Note: Students who opt-out of having their books provided as part of TruitionSM are responsible for purchasing their own course materials.

Technology Requirements

THIS IS A TECHNOLOGY-ENRICHED COURSE WHICH COMBINES IN-SEAT INSTRUCTION WITH ONLINE LEARNING.

Participation in this course will require the basic technology for all classes at Columbia College:

- A computer with reliable internet access
- A web browser
- Acrobat Reader
- Microsoft Office or another word processor such as Open Office

For more information, see [technical requirements](#).

Course Learning Outcomes

1. Compute basic descriptive statistics.
2. Choose the appropriate statistical test for a given set of data.
3. Calculate the appropriately selected statistical test for a given set of data.
4. Interpret the results of descriptive and inferential statistical analyses.
5. Use a computer program (e.g. Statistica, SAS, SPSS, etc.) to compute descriptive statistics.
6. Write a conclusion for each type of statistic and provide appropriate statistical support including test calculations and probability values associated with the test.

Grading

Grading Scale

Grade	Points	Percent
A	900 - 1000	90-100%
B	800 - 899	80-89%
C	700 - 799	70-79%
D	600 - 699	60-69%
F	0 - 599	0-59%

Grade Weights

Assignment Category	Points	Percent
Course Notes	210	21%
Homework	280	28%
Midterm	210	21%
Final Exam	300	30%
Total	1000	100%

Total Points: 1000

Assignment Overview

Assignments

As a class that meets weekly, it is important that you engage with the class material each week between classes to practice skills and concepts learned each week in class. We will have two weekly assignment categories: notes and homework.

Notes

Each week you must read the eText chapters for the upcoming class and complete the weekly note taking assignment that will be available on the first day of class. The goal is for you to try and grasp at least the basic concepts and see them once before we go over them in class, to see what kinds of problems you will be solving, and to come prepared with questions on topics that you might not understand.

Notes are worth 30 points each week.

Homework

Homework is an umbrella term for work assigned each week after lecture that focuses on applying the new concepts and skills you've learned. Homework may have several parts and include traditional "math problems" as well as activities and guided learning worksheets.

Homework is worth 40 points each week.

Examinations

There will be two in-class exams in this course: a midterm exam at the beginning of class in week 4 and a final exam in the final two hours of week 8.

The midterm exam will cover all materials from weeks 1, 2, and 3.

The final exam is comprehensive but will focus much more heavily on materials from the second half of the class.

A thorough review guide and practice problems will be provided for each exam.

Course Outline

Click on each week to view details about the activities scheduled for that week.

- VitalSource: support@vitalsource.com, 1-855-200-4146

Online Tutoring

Smarthinking is a free online tutoring service available to all Columbia College students. Smarthinking provides real-time online tutoring and homework help for Math, English, and Writing. Smarthinking also provides access to live tutorials in writing and math, as well as a full range of study resources, including writing manuals, sample problems, and study skills manuals. You can access the service from wherever you have a connection to the Internet. I encourage you to take advantage of this free service provided by the college.

Access Smarthinking through CougarTrack at [Students -> Academics -> Resources](#).

! Columbia College Policies and Procedures

The policies set forth in the [Policy Library](#) are the current official versions of College policies and supersede and replace any other existing or conflicting policies covering the same subject matter. For more information on policies applicable to students, see [Student Policies](#). For more information on policies applicable to the entire Columbia College community, see [College-Wide Policies](#).

Students are expected to read and abide by the College policies. Policies of particular interest to students include, but not limited to the following:

- Graduate Grading Policy
- Undergraduate Grading Policy
- Registration Policy and Procedures
- Withdrawal Policy
- Alcohol and Other Drugs Policy
- Family Educational Rights and Privacy Act (FERPA)

Additional Policies:

Academic Integrity and Plagiarism

Academic integrity is a cumulative process that begins with the first college learning opportunity. Students are responsible for knowing and abiding by the [Academic Integrity Policy and Procedures](#) and may not use ignorance of either as an excuse for academic misconduct. Additionally, all required papers may be submitted for textual similarity review to Turnitin.com for the detection of plagiarism. All submitted papers may be included in the Turnitin.com reference database for the purpose of detecting plagiarism. This service is subject to the Terms and Conditions of Use posted on the Turnitin.com site.

Disability Resources

If you have a disability that requires an accommodation, please speak with the instructor and consult the [Student Accessibility Resources](#) office. Student Accessibility Resources staff will determine appropriate accommodations and will work with your instructor to make sure these are available to you. To find additional information, see our [ADA and Section 504 Policy for Students](#).

Notice of Non-Discrimination and Equal Opportunity:

The College has a process through which students, faculty, staff and community members who have experienced or witnessed incidents of discrimination, harassment, or retaliation on the basis of protected status, can report their experiences to a College official. For more information, see our [Non-Discrimination and Equal Opportunity Policy and Complaint Resolution Procedure](#).

Title IX and Sexual Misconduct

The College is committed to addressing the issues of discrimination, harassment and sexual misconduct in the educational and workplace landscape and will continue to modify policies, procedures and prevention efforts as needed. For more information, see the College's [Title IX and Sexual Misconduct Policy](#).

Course Policies and Procedures:

Attendance Policy

Columbia College students are expected to attend all classes and laboratory periods for which they are enrolled.

For classes with an online component, attendance for a week includes submitting any assigned online activity. Assigned activities are scheduled prior to the course commencing. Assigned activity due dates are subject to change based on actual course progression and will be adjusted as necessary. Attendance for the week is based upon the date work is submitted. A class week is defined as the period of time between Monday and Sunday (except for week 8, when the work and the course will end at 11:59 PM Central Time on Saturday.) The course and system deadlines are based on the Central Time Zone.

Students are directly responsible to instructors for class attendance and work missed during an absence for any cause. If absences jeopardize progress in a course, the College reserves the right to drop or withdraw students from classes. For additional information, see the Administrative Withdrawal for Non-Attendance heading in the [Withdrawal Policy](#).

CougarMail

All students are provided a CougarMail account when they enroll in classes at Columbia College. You are responsible for monitoring email from that account for important messages from the College and from your instructor.

Students should use email for private messages to the instructor and other students. The class discussions are for public messages so the class members can each see what others have to say about any given topic and respond.

Late Assignment Policy

All classes rely on participation and a commitment to your instructor and your classmates to regularly engage in the reading, discussion and writing assignments. You must keep up with the schedule of reading and writing to successfully complete the class.

No late assignments will be accepted without the prior approval of the instructor.

Acceptance of a late assignment is at the discretion of the instructor.

Make-up examinations may be authorized for students who miss regularly-scheduled examinations due to circumstances beyond their control. Make-up examinations must be administered as soon as possible after the regularly scheduled examination period and must be administered in a controlled environment.

Student Conduct

All Columbia College students, whether enrolled in a land-based or online course, are responsible for behaving in a manner consistent with Columbia College's **Student Conduct Code** and **Acceptable Computing Use Policy**. Students violating these policies or any other College policy will be referred to the office of Student Affairs and/or the office of Academic Affairs for possible disciplinary action. The Student Code of Conduct, the **Student Behavioral Misconduct Policy and Procedures**, and the Acceptable Computing Use Policy can be found in the Policy Library at ccis.edu/policies. The adjunct faculty member maintains the right to manage a positive learning environment all students must adhere to the conventions of online etiquette when enrolled in a course with an online component.
